

JAPS

Have Suffered Severe Losses Thus Far

A BATTLESHIP WAS STRUCK BY TEN PROJECTILES.

During the Severe Bombardment of March 10.

JAPAN'S DIET ELECTS PRESIDENT.

A Sanguinary Clash Between Outposts of Belligerent Armies Reported—Details Lacking.

London, March 18.—The Central News this afternoon received a Port Arthur dispatch which states that from private information received there from Shanghai it appears that the Japanese have suffered extensively in the operations about Port Arthur. The battleship Mikasa is said to have been struck by ten projectiles during the bombardment of March 10 and was seriously damaged. All of the docks in Japan are occupied by warships, according to information on hand, which are repairing damages. Two thousand Japanese, wounded on land and sea, are being treated at the hospitals.

London, March 18.—The Tokio correspondent of the Central News reports that at the opening of the Japanese diet today M. Matsuda, the leader of the Saikoku party, was elected president of the house of representatives.

London, March 18.—The Korean correspondent of the Times today sends a report of the sanguinary clash between Russian and Japanese outposts north of An Ju in which the Russians were driven back. Details as well as confirmation, he says, are lacking. The Japanese now hold An Ju, which was for some days the southern limit of Russian occupation in Korea. The czar's forces continue to retire, one report having reached Seoul, Korea, that the cavalry has recrossed the Yalu and is now in Manchuria.

EX-PREMIER ITO.

Marquis Ito, four times premier of Japan, is one of Japan's greatest

MARQUIS ITO. He has done as much as any other man to modernize his country.

ITO IN KOREA.

Seoul, March 18.—Marquis Ito arrived in Chemulpo Thursday. He was greeted by a delegation of high Korean officers, G. Hayashi, the Japanese minister to Korea, and General Iijima, commander of the Japanese garrison here, who went to meet him, accompanied him to Seoul. When the special train arrived in Seoul it was received with military honors. A Korean guard of honor saluted and surrounded the handsome green palanquin in which Marquis Ito was carried to the mansion prepared for him by the emperor. The route was lined by Japanese troops, who saluted the marquis as he passed. Thousands of Koreans also witnessed his arrival as he passed. Marquis Ito will be received by the Korean emperor on Saturday.

Blew Out the Gas.

St. Louis, March 18.—Edward Gayer and his son Peter, from Jackson, Tenn., were asphyxiated in a room at

a hotel while asleep. The son is dead and the father will die. They blew out the gas by mistake.

MINISTER CALLED.

Zanesville, O., March 18.—Rev. J. W. Ely, pastor of the Baptist church at Conneaut, O., has been extended an unanimous call by the Fair Oaks Baptist church of this city to succeed Rev. J. Ernest Reynolds who recently resigned as pastor of the local church.

Rev. Mr. Ely is one of the best known Baptist ministers in the state.

GENERAL H. H. THOMAS.

Chicago, March 18.—General H. H. Thomas, who was recently ousted as federal appraiser at the port of Chicago, dropped dead yesterday.

FATHER SIDLEY.

Sandusky, March 18.—Rev. R. A. Sidley, 76, a well-known Catholic priest, died Thursday.

Pope Receives Cardinals.

Rome, March 18.—The Pope today received all the cardinals in Rome. His holiness addressed them expressing regret at the war on the Catholic congregations which has been waged by the French government.

IN THE HOUSE

Contests Decided, After Which Post-office Appropriation Bill Was Taken Up.

Washington, March 18.—The House today disagreeing to the Senate amendments to the military appropriation bill, sent the bill to conference without debate and by a viva voce vote the House adopted the unanimous report of the committee on elections No. 1 that Representative Livernash, Union labor man, California, whose seat was contested by former representative Julius Kahn, be declared entitled to his seat. The contest of Alexander D. Dantzeier (colored) Republican for the seat of Representative A. F. Lever, (Democrat) Seventh district of South Carolina, and the contest of Moody, now deceased, for the seat of Representative Guyer, (Dem.) Tenth district, North Carolina, was unanimously decided in favor of sitting the members. In committee of the whole, the post-office appropriation bill was read for the amendments.

PANAMA CANAL

Washington, March 18.—Secretary of War Taft before the House committee today gave his views on work on the Panama canal. Taft in a general way favoring the Lovering bill for government of the canal zone. In response to questions he admitted that perhaps it would be better for the canal commission being responsible for work. He assured the committee that the matter of expenditures would be carefully scrutinized by the President.

SEVEN KILLED

Vienna, March 18.—Word, reached here today of vengeance meted out by a husband who believed his wife to be unfaithful at Arad, Hungary. Klimpian, a miner, suspected that his wife was too familiar with a lodger. Klimpian waited till all were at the table when he exploded a stick of dynamite under the table, blowing himself, his wife, the lodger and their four children to atoms. The house was demolished.

KEIFER WINS

Springfield, O., March 18.—General J. Warren Keifer was nominated for Congress by the Seventh district Republicans on the first ballot.

General Keifer is 68 years old. In 1868 he was elected to the Ohio Senate and in 1874 was sent to Congress, serving from 1877 to 1885. In 1881 he was elected speaker of the House serving two years. He is the only Ohio man who has ever become speaker of the House.

Ripley, O., March 18.—Ketch, who is wanted on the charge of killing Miss Matthews, has not been located.

Murphysboro, Ill., March 18.—A clash between the hoisting engineers and the miners in Illinois is imminent.

STEAL

Is Being Investigated by Officials Who are Reticent About it.

Memphis, March 18.—Drafts, checks and currency to the amount of about \$35,000 sent from Memphis to St. Louis have mysteriously disappeared, and the robbery is being investigated by the postal authorities. The officials are reticent about discussing the matter, but it is known that a mail pouch containing the above amount which was left at Memphis March 9 for St. Louis never reached its destination.

WILL BE NO COAL STRIKE

Official Vote Announced This Afternoon.

Total Vote 165,887, With a Majority of 31,131 Against Proposed Strike.

Indianapolis, Ind., March 18.—It can be positively stated that the miners have voted against a strike in the Central competitive district.

The total vote as announced by President Mitchell of the United Mine Workers union shortly afternoon today is as follows: Total vote 165,887. For a strike 67,372; against a strike 98,515; majority 31,131.

The joint scale committee was summoned to Indianapolis immediately after the vote was announced and the scale will be signed here next Monday. The contract runs for two years or until April 1, 1906. Quickly said, the reduction amounts to five cents a ton in Pennsylvania and three cents in all other states in this field.

D. J. SULLY & CO. HAVE FAILED

Man Who Engineered the Cotton Corner.

When Announcement Was Made Today Cotton Broke Twenty-five Points on Market.

New York, March 18.—(Bulletin.)—D. J. Sully & Company have suspended. The announcement has just been made on the Cotton exchange. Sully was one of those who engineered the great corner in cotton.

When the news of Sully's failure was announced today, cotton broke 25 points.

Sully was supposed to have cleared millions by bulging the market, but presumably has lost all trying to keep up the price.

CHAPMAN BILL

SIGNED BY GOVERNOR AND IS NOW A LAW.

The Measure Abolishes Spring Elections and Extends Terms of City Officials in Ohio.

Columbus, O., March 18.—Governor Herrick signed the Chapman bill just before starting for Cincinnati. As it was necessary to have the presiding officers of both houses sign the bill the governor waited until 10 minutes before the departure of his train in order to sign the measure. Then he made a dash run to the station in his auto.

The measure abolishes spring elections and extends until January 1, 1905, the terms of all officials that heretofore ended in May.

Governor Herrick has sent a letter to President Roosevelt regarding Ohio political matters, and it is understood that he has taken occasion in a polite way, and in the interest of harmony, to suggest that the President do as little as possible to cause any further friction.

Sugar beets thrive in different kinds of soil in diverse climates, and over a large area.

BILL

To Change Election Laws of Ohio

INTRODUCED IN HOUSE THIS MORNING

It Abolishes All the City Boards of Election.

REGISTRATION IN 20 CITIES

Election Day Legal Holiday From 5:30 to 9 a. m.—Lawyers Criticise the Bill.

Columbus, March 18.—The administration election code was introduced in the Senate this morning and would have been introduced in the House but for the hurried adjournment to prevent Little introducing the minority report on the canal proposition. It abolishes city boards of elections and places their duties upon the supervisors of elections as constituted at present. The registration laws are extended to all cities over 15,000. In cities of more than 100,000 registrations will be held every year, in others every four years. Twenty cities will have registration. The polls will be opened from 5:30 a. m. to 5:30 p. m. In cities under 200,000 in Cincinnati and Cleveland, from 5:30 a. m. to 1 p. m. Election day from 5:30 a. m. to 9 a. m. is a legal holiday. The bill goes into effect July 1. Lawyers say the bill is full of special legislation since it classifies cities.

WOOD CONFIRMED

WASHINGTON, MARCH 18.—(Bulletin.)—THE SENATE THIS AFTERNOON CONFIRMED THE NOMINATION OF LEONARD WOOD TO BE MAJOR GENERAL OF THE UNITED STATES ARMY.

PRESIDENT

Promises to Play Fair With Dick—The Ohio Senators Have Not As Yet Met.

Washington, March 18.—The President has written to Governor Herrick, promising to play fair with Senator Dick. Foraker and Dick have not met since the "late unpleasantness," but a meeting cannot be avoided much longer, for early next week General Dick will be sworn in as a United States senator and, according to custom, will be escorted to the bar of the senate by his colleague.

HENRY KAUFFMAN.

Columbus, O., March 18.—Henry Kauffman, 77, a well-known hotel man of this city, died yesterday of pneumonia at his residence, 1328 Neil avenue. The funeral will be held from the Masenic temple Sunday afternoon at 1 o'clock.

BANDITS

Placed in Solitary Confinement to Stop Their Confessions.

Chicago, March 18.—The car bandits, Marx, Neideneyer and Van Dine, have been placed in solitary confinement in the county jail. No one except their spiritual advisers will be allowed to see the prisoners.

The reason, according to Jailor Whitman, is the fact that the trio has inaugurated a paying system of confession for publication.

"It has reached a point," said the jailor, "where they were willing to confess to the most heinous of crimes if there was a consideration of a tabby chest of tobacco."

CREW

Barely Escaped from the Sinking Steamer—Two Men Drowned.

Callettsburg, Ky., March 18.—The steamer M. B. Goble, loaded with coal, sank at the mouth of the Big Sandy river Thursday night. Charles Mains, engineer, and Will Bartley, cook, were drowned. The remainder of the crew barely escaped from the boat as she went down quickly. The loss will be heavy as she was one of the best boats on the river.

ANOTHER BIG LABOR BATTLE

Like That of Last Year is Threatened.

Conference of Strikers and Employers Ended in Deadlock This Morning in New York.

New York, March 18.—The strike of bricklayers and laborers still continues and threatens to involve another gigantic labor war similar to that of last summer, when 100,000 skilled workmen were out of work for five months. A conference between the members of the joint board of arbitration of the mason builders association and representatives of the bricklayers ended in a dead-lock early this morning, after an all night session. Another conference is to be held but the employers are apprehensive of the outcome. Twenty thousand bricklayers and laborers are out and in a few days thousands of others in the skilled trades will be forced to stop work on account of the strike.

ATROCITIES ON BOTH SIDES

Germans and Herreros are Fighting Like Devils.

Troops Co-operating With Armed Colonists and Retaliating With Equal Cruelties.

Berlin, March 18.—Vorwaerts reports today that the atrocities in German southwest Africa have not been confined to the Herreros who have been in revolt against German rule. German troops, says the paper, co-operating with the armed colonists, are retaliating with equal cruelties. The Germans have tortured the Herreros to death, gloating over their sufferings. Germans and Herreros resemble two armies of devils fighting one another. Hell has been let loose throughout the colony.

JOE MILLER

CHARGES SENATOR DICK WITH TRICKERY

In Permitting the Brannock Bill to Gain Headway and Thereby Violated His Promises.

Columbus, O., March 18.—Joseph Miller, chief representative of the brewing interests of the state, announces that if the Brannock bill becomes a law both Senator Dick and the Republican party leaders will have broken faith with the brewers and what is known as the liberal element.

Said Mr. Miller: "I wish to charge this man Dick with deliberate trickery. On three different occasions before the election Dick promised the brewers that there would be no hostile legislation and arranged for our support of the party on this basis."

"Two weeks before the election, when we decided the man, Mr. Carl Hostet and I visited the campaign headquarters and had a long conference with Dick. We wanted at least a clean-cut promise that we would be protected against hostile legislation. 'You can rest assured,' said Dick, 'that winning smile, that there will be

nothing done. We control the situation and you can bank on what I say will be all right,' continued the present United States senator. Finally placing his military hands on Hostet's shoulder, Dick said, 'I promise it and I promise it in the name of the Republican organization.'

"We were then satisfied and went in and worked for the success of the party. What do we face today? Why, Dick's very lieutenants are the ones most active in pushing the legislation. The very men he said he would control are the very ones he does not control. In plain words, it is rank trickery, and I charge United States Senator Dick openly with it. He has tricked us and I can bring plenty of witnesses to prove just what I say. Moreover, Senator Dick cannot deny this charge I make against him."

BEHEADED THE HOUNDS.

Coshocton, O., March 18.—With an ax, J. Q. Dawson, a farmer west of this city, decapitated after a desperate fight, three hounds who had been devastating his sheep flock. Wednesday night he lay in wait. Three dogs pounced upon the flock, and, maddened by the blood, fiercely attacked Dawson, when he charged them. While his clothing was shredded by their fangs, he escaped without a scratch.

JUDGE PARKER

Will Soon Receive Solid Support of Empire State for the Presidential Nomination.

Washington, March 18.—Interesting news regarding the political situation among the Democrats of New York was brought here by Democratic National Committeeman Thomas Taggart, of Indiana, and W. H. O'Brien, chairman of the Democratic state committee of the same state, who have been in New York in conference with the Democratic leaders there.

The Indians brought word to their friends here that there was no longer any doubt that the New York Democrats would soon be solidly united in support of the nomination of Judge Alton B. Parker, as the Democratic candidate for the presidency, and would present his name to the St. Louis convention as the choice of the Empire State. They said a good understanding to this effect already existed among the leaders of the different wings of the party in New York, and Judge Parker was familiar with the situation and that the arrangements in behalf of his candidacy had his full approval.

What is almost equally important, Taggart and O'Brien told their friends that in view of the arrangements in New York, they favored the endorsement of Parker by the Indiana Democrats and believed the rank and file of the party in the state would support them in that attitude.

This will give the Parker boom greater force than it has had at any time yet, and it is believed here will soon make his nomination at St. Louis a practical certainty. There is little doubt that considerably more than a majority of the Southern states already favor the nomination of Parker, and have been kept from declaring openly for him only by the uncertainty of the outlook in New York. Parker will also, it is understood here, have the support of New Jersey and Pennsylvania, if his own state unites on him, and it is probable that the Democrats of Michigan will follow suit.

It will thus be seen that the Parker boom ought soon to assume proportions so formidable that it would be difficult for any other candidate to make headway against it.

A Terrific Storm.

New Orleans, La., March 18.—Half a million dollars worth of damage was done by a terrific wind, hail and rain storm which swept over this city late Thursday. The Southern Express company's office and warehouse collapsed under the weight of hail and rain and three travelers were seriously injured.

Jury Disagrees.

Kansas City, Mo., March 18.—The jury in the case of State Senator Jesse L. Jewell, on trial on charge of soliciting a bribe of \$9,000 to influence his vote and that of two other members of the legislature to repeal a "taking powder bill," disagreed at 5 o'clock yesterday afternoon and was discharged.

GRAVE

Is the Condition of Stanley Nisley

FRIENDS ARE AFRAID BLADE MAY KILL HIMSELF.

Mrs. Isaac Smith Dies Very Unexpectedly

AN EXPLOSION OF GAS FRIDAY

Wrecked Stove at Hebron Residence—Joseph Bartholow's Narrow Escape—Hebron News

Hebron, O., March 18.—The condition of Stanley Nisley, who was accidentally shot in the abdomen Wednesday evening by Fred Blade, the bullet first penetrating Blade's left hand, is very grave. This afternoon his temperature is 100, a little lower than it was last night. The bullet has not been located.

Young Mr. Blade is suffering much pain in his hand, but his mental agony is much more severe. Some of his friends are afraid that he will commit suicide.

Mrs. Smith Dies Suddenly.

Hebron, O., March 18.—Mrs. Isaac Smith died very unexpectedly at her home here between 6 and 7 o'clock this morning. While Mrs. Smith, who was perhaps 65 years of age, had been suffering from cancer of the face for some time, she was apparently much better than usual Thursday, but this morning, after having her face dressed, Mrs. Smith suddenly passed away. The deceased was a member of the Methodist church and was highly esteemed. Her husband, two sons, John and David, of Marion, O., and four daughters, Mrs. John Hartman, Mrs. Harry Kagey, Mrs. George Allenworth and Mrs. William Hatfield, survive. The funeral is not yet arranged.

An Explosion of Gas.

Hebron, O., March 18.—Joseph Bartholow, the druggist, formerly of Newark, had a narrow escape from injury or death at his home here this morning. Mr. Bartholow lighted the natural gas in the kitchen stove but the wind blew it out. Waiting till he supposed all of the escaped gas had disappeared Mr. Bartholow again applied a match, but there was a loud explosion and the top of the stove was blown off and part of the chimney wrecked. If Mr. Bartholow had stood in front of the stove instead of at the side he would have been badly hurt, but as it was he escaped without a scratch or burn.

McDonald Arraigned.

Bedford, Ind., March 18.—James McDonald, indicted for the murder of Miss Sarah Schafer, was brought here from the Bloomington jail and arraigned. He pleaded not guilty to the two counts of murder and attempted assault. His trial was set for May 16. He was heavily manacled and was returned to Bloomington on the six o'clock train. He displayed signs of nervousness when he alighted from the train in the midst of a throng of people.

Suffocated to Death.

Geneva, N. Y., March 18.—Geneva suffered another serious fire early this morning. The Smith block, corner of Seneca and Linden streets, was damaged to the extent of \$25,000. Inez J. Donnell, a music teacher, who lodged on the second floor, was suffocated to death.

Another Carnegie Gift.

Northampton, Mass., March 18.—Andrew Carnegie has given \$50,000 to Mount Holyoke college on condition that a like amount be raised before June 10. It is understood a new library is proposed.

YOU CAN'T GET ALONG WITHOUT HAIR

Your hair is coming out by great comb-fall; every combfall causing a pang of fear for the future.

A white trail of dandruff sifts over your shoulders. Shame; embarrassment; attempted explanations; shallow sympathy.

One bald spot has already appeared. You manage to hide it. But it is spreading rapidly.

What hair you have left is turning gray or is fading into a streaked, ugly, nondescript color. It makes you look old and homely when you are still young and should be—beautiful.

You have tried many restoratives—unpleasant compounds filled with sediment, that gummed your hair into a sticky mass—but accomplished nothing else.

REXALL 93 HAIR TONIC is wholly free from grease or sediment, and will neither gum the hair nor soil the clothing or pillows. It is clear and clean.

REXALL 93 HAIR TONIC stops falling hair and permanently banishes dandruff.

REXALL 93 HAIR TONIC GUARANTEE

Give Rexall 93 Hair Tonic a trial. If it does not stimulate the growth of your hair, if it does not stop your hair from falling out, if it does not cure you of dandruff, if it does not restore your hair to its original color, if it does not give you entire satisfaction in every way—bring us the empty bottle and we will give back your money.

INDIAN BEADWORK.

SOME OF THE ATTRACTIVE PRODUCTS OF THE PRESENT.

Beadwork is used not only for personal ornaments, but for household decorations—Beautiful Fancy Neck Chains and Waist Belts.

Beadwork is now being used in almost every imaginable form, not only for personal adornment, but also for household embellishment. As the popularity of the work increases the productions of past centuries are brought to light, and among various styles, ancient and modern, Apache Indian work is perhaps the most sought and may be reproduced at the least expense. The first important item in the work is the purchase of one of the small hand

ARTISTIC NECK CHAINS.

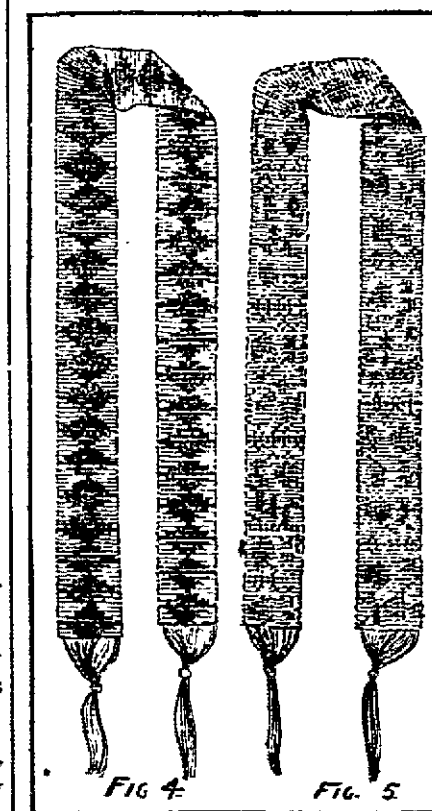

looms of which there are a number of kinds. As to the things that may be made the Delineator enumerates, among others, the following:

Neck chains are very popular. They are made for carrying fans, watches and ornaments of all descriptions and sometimes with pendants of fancy decorative beads, when their object is solely ornamental. The beads are effective when strung upon threads and then twisted or braided into chains. The usual length of these chains is fifty inches, and frequently they are finished on the ends with gold or silver mountings, or a strip of chamolite is sewed firmly on the beads, making a good hold for any suspended article.

At Fig. 1 a striking example is given, very effective if two colors of beads are selected. Take, for instance, gold and dead white beads. Begin with one white, one gold, one white, two gold, one white and one gold.

Daisies are the prominent feature in both designs illustrated at Figs. 2 and 3. Fig. 2 may be used for a belt as well as a neck chain. Turquoise blue and silver beads produce a charming combination for this pattern. The slides are made on the loom and are arranged in position according to the weaver's fancy. The square design in the center as well as the outer edge is made of blue beads, while the remaining space is filled with silver beads. If amethyst and gold beads are selected for Fig. 3, an effective arrangement will be acquired.

Two belts are pictured at Figs. 4 and 5. White crystal beads form the

HANDSOME BELTS.

groundwork of Fig. 4, while the diamond pattern is fashioned from beads of an orange hue, and in the center of each design are placed alternately peacock blue and coral red beads. Fig. 5 shows a floral design. The foundation is white, while beads of a variety of shades are artistically blended in the design—canary color, amethyst, gold, and olive green, with a sparse introduction of black, will give a pleasing result.

Fried Beans.

Fry two ounces of chopped onions in one ounce of butter until golden brown. Put into them about a quart of cold boiled white beans, season them with a teaspoonful of salt and half a salt-spoonful of pepper, moisten them with half a pint of any brown gravy and serve them hot.

Concerning Quince Jelly.

The best quince jelly is made of the peeling and cores of apples and quinces. The jelly will be just as fine in flavor and much more tender if the apple cores and skins are used. No better jelly is made of the pulp of fruit than

INGRAIN CARPET RUGS.

Made at Home, Very Pretty, Soft and Almost Everlasting.

Rugs are most useful things in the scheme of summer furnishing. Beautiful ones may be made from strips of old ingrain carpet. Nothing could feel softer under the foot, and if the carpet has pretty colors in it the rug becomes "a thing of beauty" and almost "a joy forever," so durable is it. A writer in the New Idea Magazine has the following to say about this kind of rug:

For a foundation take a piece of strong material the size of the rug wanted. Denim or duck is preferable, and if a dark shade is used the rug will look neat underneath without lining. Since large ones become too heavy to handle as a whole, especially if the sewing is done upon a machine, it is better to cut the foundation into two or three pieces and sew the pieces together when finished.

Make bias a strip of the carpet and then cut it into strips about one and one-third inches wide. Sew one of these across the foundation directly through the center of the strip. Turn up one edge and sew another strip through the center also, as close to the first as you can, continuing this process until the foundation is covered. The stitching when viewed upon the underside should be from one-third to one-half of an inch apart. Of course the closer and more evenly the strips are put on the firmer and more durable the rug. After a number have been sewed on each should be partially frayed. As these are bias they fray easily and stand up, a soft, furry pile that feels comfortable underfoot. If the fraying is done unevenly the top of the rug should be sheared smooth and swept free of the lint. Short ends of the strips may be pieced in and never be noticed when all are frayed and clipped, so that every scrap of the carpet can be used.

We have a rug made out of old carpet to start with that has been a door mat for six years and is still too pretty and serviceable to throw away.

Cleaning Lacquered Brass.

As every one knows, lacquer is put on brass for the purpose of preventing rust, verdigris, etc., but notwithstanding this lacquered brass sometimes becomes soiled, and in that case the following is a good way to clean it: It must be immersed in hot, strong soda and water and brushed with soap. While still covered with the lather it should be dipped in very hot water and after remaining there a minute or two should be lifted into cold water and subsequently dried. It should not be necessary to polish the brass after this process, and it must be remembered that the lacquer is only a preparation laid on the surface and is liable to wear off if the article be subjected to rough treatment.

No Grease In These.

There is a housekeeper in Maine whose doughnuts are famous not only in her own home, but throughout the neighborhood. She attributes a great part of their popularity and healthfulness to this little finishing touch: She has a bowl of hot water on the stove, and as each doughnut is removed from the kettle it is plunged for a moment into the water, thus removing any superfluous fat. The need and value of this are shown by the grease coated water and by the added delicacy and healthful nature of these most popular doughnuts, says a Good Housekeeping correspondent.

The French Way With Veal. Veal is tender when it is killed, and all that is necessary is to have the animal heat thoroughly out of the body and the "rigor" of the muscles relaxed before it is fit for food. The proper way of treating veal is to pound the fibers, as the French do, as some ignorant Americans treat beef—a barbarous way to treat such a noble meat. It breaks the fibers and lets out the juices. Veal is not hurt by breaking the fibers.

Finest Footwear.

The pretty little mules shown in the illustration from Vogue seem made by fairy fingers, so delicately fashioned are they in every particular. The Louis XVI. heel, while not exaggerated in height, has the grace of an extreme model, and the rather broad shank affords a greater rest to the wearer. The

most exquisite silks and brocaded satins are used in making, the linings being of the dominant shade or white. Ribbon trimmings around the edge are sometimes used, and fancy cords are seen on some of the best models. Old brocades are often pressed into use for their fashioning and make extraordinarily artistic models. The foot looks only about half its size in these mules.

Sore Throat

Throat affections should never be neglected. Sore Throat leads to Quinsy and Diphtheria. It is of vital importance to have a remedy at hand in the early stages of troubles of this nature. Many are the deaths that have resulted from a neglected Sore Throat.

Our duck hunters in the surrounding community were very busy Tuesday. After various calamities one being that one of the hunters fell in the reservoir, the hunters returned and some reported one duck, some two, some more, while some reported the big round sum of zero. It is needless to say that the hunter who fell into the water trying to get the duck, didn't get it, as by the time he had picked himself up, and on dry land, the duckie was beyond reach.

AMUSEMENTS

"The Rivals," Sheridan's brilliant comedy, has always been peculiarly strong with lovers of high class comedy, which will be presented at the Auditorium this evening, with Joseph Jefferson, Jr., and William W. Jefferson and their all-star company. The present version is the same as prepared by Mr. Joseph Jefferson, and instead of diminishing its value, has added to its great popularity. Every possible care has been taken with scenery, appointments and costumes to secure accuracy. "The Rivals" promises to be the intellectual and artistic treat of the season. Auditorium tonight.

"THE BEAUTY DOCTOR." At the Auditorium tomorrow night Fred E. Wright will present the musical extravaganza, "The Beauty Doctor," book by Howard Shelley and lyrics and music by C. Herbert Kerr. The story is a satire on the beauty culture, and affords opportunity for much uproarious comedy. Mr. Kerr's music is said to be of the light opera order and a distinct departure from the average musical comedy style. The score abounds in song hits, notable among which are "The Lobster and the Mermaid," "Navajo" and "Where Was Moses When the Lights Went Out?" and the serenade ensemble, "Loved One, So Pure and Tender." Mr. Wright has provided a company of fifty, headed by Henrietta Lee as the beauty specialist, and a chorus and ballet directed by Herr Von Palm. There are a number of new electrical devices used to secure novel effects in stage lighting and the costuming of the big ensemble numbers is said to be out of the ordinary.

ALL NEXT WEEK.

The Howard-Dorset company will open a one week's engagement, commencing Monday, March 21. While this will be the first visit the company has made at Newark in late years, they having played in cities tributary to Newark for the past five years and have always been declared the most popular week stand company on the road today. The following are some of the plays that will be offered during the week: "The Golden Giant Mine," "The Man From Mexico," "The Adventures of Pips Finnegun," "The Little Minister," "The Fisherman's Daughter," "Grit, the Newsboy," "Haze Kirk" and other well known royalty pieces. Specialties will be given between acts, consisting of a sketch team in song and dance work, illustrated songs and moving pictures. On Monday night, opening evening, ladies will be admitted free when accompanied by one paid thirty cent ticket, amounting to two for one on Monday night only.

MERCURY A POOR CRUTCH.

Experience is a dear teacher, as those who pin their faith to Mercury find out sooner or later. This powerful poison combined with Potash, is the treatment generally prescribed for Contagious Blood Poison, but failure and disappointment is the inevitable result. These minerals drive in the thesors and eruptions, and apparently the disease is gone and the patient believes the cure permanent, but soon learns better when the old symptoms return almost as soon as the treatment is left off. You must either keep the system saturated with mercury or endure the tortures of sore mouth, ulcerated throat and the mortification that one naturally feels when the body is covered with disgusting sores, rashes, copper-colored spots and other aggravating symptoms of this vile disease.

Mercury and Potash are poor crutches, and their use eventually breaks down the constitution and cause the bones to decay. S. S. S., a guaranteed purely vegetable remedy, is the only antidote for Contagious Blood Poison. It destroys every atom of the deadly virus, overcomes the bad effects of the mercury and cleanses the blood and system so thoroughly that never after are any signs of the disease seen. Nor is the taint ever transmitted to others. We will send free our book on Contagious Blood Poison, which is interesting and contains full directions for treating yourself at home. Medical advice or any special information desired given without charge.

NOTICE OF DISSOLUTION.

The partnership heretofore existing between U. F. Roesser and William C. Miller, under the firm name of The Roesser Decorative Company, has been dissolved this 18th day of March, 1904. U. F. Roesser will continue the business under the old name. William C. Miller retires from the firm. All persons owing the old firm will please call and settle with Mr. Roesser. WILLIAM C. MILLER, U. F. ROESSER.

BEWARE THE "IDES OF MARCH"

Whatever money you have on hand April 16, 1904, must be returned for taxation, or the tax collector will hunt you out. The assessor cannot "touch" you, if your surplus funds are invested before that dreaded date, in the Preferred Stock of The Newark Telephone Company, issued to extend the plant and increase the earnings for the stock is NON-TAXABLE, under the law, because the company pays all the taxes. There is no "statutory liability" connected with the ownership of this stock.

Nor will there be any occasion for you to worry as to the safety of the investment. You set your six or eight cent, payable semi-annually on July 1st and January 1st. Put your money into Newark Telephone Preferred for the "Ides of March" and let the tax assessor do the worrying.

The undersigned will gladly show you the plant and answer all questions about the stock.

THE "KATY" TO THE FRONT.
Will Reserve Rooms for World's Fair Visitors.

The passenger department of the Missouri, Kansas and Texas railway has made a move of much interest and value to its patrons who desire to visit St. Louis during the World's Fair. It has established a bureau to supply the wants of visitors in the way of rooming accommodations. It has secured option to several thousand furnished rooms in St. Louis hotels and first-class private residences. All are inspected by a representative of the bureau. None but clean, first-class rooms in most desirable districts are accepted.

The M. K. & T. ticket agent at each city and station on its line are prepared to secure reservations in advance. "Katy" ticket agents will explain the plan. This arrangement no doubt will prove popular.

Those desiring accommodations should apply as far in advance as possible, as it will be difficult to reserve rooms on short notice.

An office of the bureau will be maintained near the Union station, St. Louis, at which quarters an efficient corps of clerks and uniformed messengers will be on hand to direct visitors to their rooms. The bureau will be prepared to furnish cabs, chaparrones, messengers also cabs and automobiles to carry visitors to their quarters and express service for the transfer of baggage at reasonable rates. This will be recognized at once to be of special value to strangers and ladies without escorts.

"Katy" ticket agents will be glad to give full information or you may write to George Morton General Passenger and Ticket Agent, M. K. & T. R. St. Louis.

DEMOCRACY'S DANGER AND OPPORTUNITY.

A great danger and a great opportunity confronts the Democracy of Ohio and the United States in the Presidential nomination this year. The opportunity is the sure chance the Democratic party has of electing the next President of the United States, if it nominates the right man for that office. The great danger that confronts the Democracy is that by not nominating the right man the party may throw away the chance of electing the President this year.

It goes without saying that the Republican horizon in the present Presidential campaign is not the brightest. There is a growing dissatisfaction all over the country with the Republican party on account of factional bickerings and its various policies, notably on the tariff, trusts and imperialism. There is perhaps even more widespread dissatisfaction with the inevitable candidate of the Republican party for President—Theodore Roosevelt—who will undoubtedly be renominated, and who will as undoubtedly be defeated, if the Democratic party is wise enough and patriotic enough to nominate the right man against him. It is conceded that Roosevelt cannot carry New York as against a proper candidate for President on the Democratic ticket, and what is true of New York state is equally true of several other states in the East and West, upon carrying which the result of the Presidential election depends. There never was a brighter and a plainer opportunity for the Democratic party to carry the national election and redeem the country from Republican misrule than is presented to it this year.

The great question is, Will the Democratic party rise to this situation? Will it grasp the opportunity thus forced upon it? Will the Democratic party, without sacrificing or ignoring principle, get together in perfect harmony, and dropping all dead issues and dead candidates, ignoring all political will-o'-the-wisps, unite solidly upon a good man—a safe man—on a Democratic platform, for Democratic success in the national campaign this year? It is possible for us to do this.

This, we repeat again, is the great opportunity presented to the Democratic party. It is equally possible for us to throw away the great opportunity by failing to nominate the right man. Which will the Democratic party do?

This is both a question of principle and a question of policy. If Democrats are wise and patriotic they will drop all past differences and bickerings over non-essential issues. They will ignore former prejudices and candidates and "get together" on some man who can be elected and who ought to be elected. It will not do for a lot of factionalists to shout themselves hoarse, crying, "I am for Cleveland" or "I am for Bryan" or "I am for Hearst," but let every true and patriotic Democrat say instead, "I am for Democracy, for Democratic principles and Democratic success." Thus, and thus only, can we merit a Democratic victory.

President Cleveland has had his day as the Democratic candidate for the Presidency. So has Mr. Bryan. Sober and patriotic Democrats recognize the past services of these gentlemen and their abilities; but they also recognize that it would simply be suicidal to nominate either of them for the Presidency this year. To do that would simply be to invite defeat when victory is possible and almost certain by a wiser course.

In regard to the candidacy of Mr. Hearst some serious consideration is certainly necessary. He is making a strenuous effort to capture enough delegates to assure his nomination at the Democratic National convention. Emboldened by his apparent success in Rhode Island and Chicago, in obtaining delegates in his interest, he is now making efforts to capture the State of Ohio, and have its delegates

instructed for him. The nomination of such a man as Hearst for President, with his peculiar history, environment and associations, at the present time, is the greatest danger that confronts the Democratic party in this campaign for President. His nomination would embarrass the Democratic campaign from the start. It would raise false issues and eliminate real issues, to the detriment of the Democratic party. It would produce complications altogether unnecessary and a weakness in our line of battle altogether untimely.

The Democratic party must be alive to this great danger and must be ready to seize the best opportunity that presents itself to oppose the danger and prevent it.

In view of this situation of affairs, a strong movement has been started in Ohio, by patriotic Democrats who care more for the party and its principles than they do for factions and their leaders, in favor of the endorsement by the Ohio delegates to the Democratic National convention of Colonel James Kilbourne of Columbus, as their choice for President.

Colonel Kilbourne needs no introduction at our hands. His name is a household word in every Democratic household in Ohio, and he is known equally well in Republican homes in Ohio. Colonel Kilbourne is an able man, an honest man, a safe man, a man of the people who has proved to be the people's friend, and endeared himself to them by every act of his long and useful life. He is a true son of Ohio, whom every loyal Ohio Democrat can unite upon and solidly support. He was a brave soldier in the civil war, and is a true comrade of every battle-scarred veteran. A large capitalist, carrying on one of the largest manufacturing industries in the State, he is a friend of labor and the foe of monopoly. He is a wise, just and conservative man, whose record in life in all respects makes a platform of itself. He is a man who has the confidence of the people of all parties as being safe, wise and conservative; a man whom the people trust. He is a man whom the sterling Democracy of Ohio could unitedly present to the Democratic National convention as an ideal candidate for President, and ask with confidence for his nomination at the hands of the convention for that highest office in the gift of the people.

The presentation of such names as Colonel Kilbourne to the Democracy at St. Louis by the different states will make it certain that the National Convention will be a deliberative body, and that will mean the party's triumph at the ballot box.

This is Democracy's opportunity. Will she grasp it?

LEGISLATURE

CANAL RAILROAD BILL SET FOR NEXT WEDNESDAY.

Generally Admitted That the Williams Salary Bill Can't Pass—Officers Too Numerous.

Columbus, March 18.—Backed by seven out of nine members of the committee on public works, the canal-railroad bill was carried into the House yesterday, was placed on the calendar, and a vote ordered on its passage next Wednesday at 1:30 p. m.

The surprisingly easy course of the electric mile-stream railroad grant through the committee brought to light reports that its way through the House has been greased in advance, that deals have been made in its interest which involve other important legislation. These reports were not wholly of a savory character. It has been ascertained that some of these reports are incorrect.

It is generally admitted that the Williams salary bill cannot pass. The county officers are too numerous and in too close touch with the members to make it possible to get a bill through affecting the pay of these officials, whether or not the administration puts forth its strongest effort. But it is considered possible to get through a bill placing on salaries the successors of the present county officers.

The bill will be amended so as not to become operative until a new batch of officers has been elected.

Probably no bill of graded salaries could pass, even with the amendments attached, but it is believed better success will attend a bill simply stating a maximum salary, say \$8,000 for auditors.

CERTIFICATES REFUSED

Because Certain Changes in Newark Buildings Have Not Been Made as Ordered—Mayor Crilly Receives Notice From Inspector Morgan.

Mayor A. J. Crilly has received notice from J. H. Morgan, chief inspector of workshops and factories, that R. Lloyd, district inspector, had made an inspection of certain buildings in Newark and that it was found necessary to refuse to issue certificates of inspection for the buildings hereinafter named until the following changes were made:

Statement showing reasons for refusal to issue certificates of inspection for buildings herein named and the alterations and additions necessary to be made before such certificates will be issued:

NEWARK AUDITORIUM.

Order 67. "Provide ventilating shaft over stage of sufficient capacity to carry away smoke and flame in case of fire, dampers for opening or closing such ventilator to be automatic; mark all exits in letters at least six inches high "EXIT" and illuminate with red light, red lights over exits and all exit lights to be on a separate circuit and operated from box office, the switch board to be encased and locked; make wall underneath stage fireproof by filling in over stone wall to floor with brick and mortar, also behind wall on each side of doors leading to orchestra room; line doors leading from orchestra room under stage with some fireproof material; red lights over exits and exit lights to be kept lighted, and all exit doors unlocked during performances; lower fireproof curtain at least once during each performance; sell no more tickets than actual seating capacity; allow no chairs or other obstructions in aisles; certificates previously issued by this department are hereby declared null and void."

A. O. U. W. HALL.

Order 116. "Provide better means of egress from hall on third floor by erecting a fire escape; balcony at third floor to take in the two windows in west ante-room on south side of building; escape to be constructed in accordance to specifications herewith furnished by chief inspector; mark all exits from hall in letters at least six inches high "EXIT" and illuminate with red light; provide better means of extinguishing fire, by supplying two chemical fire extinguishers, of three gallon capacity each, such as have been approved by the National Board of Fire Underwriters, and place in hall; certificates previously issued by this department are hereby declared null and void."

ELKS' HALL.

Order 117. "Mark all exits from hall in letters at least six inches high "EXIT" and illuminate with red light; provide better means of extinguishing fire, by supplying two chemical fire extinguishers, of three gallon capacity each, same as have been approved by the National Board of Fire Underwriters, and place in hall; certificates previously issued by this department are hereby declared null and void."

I. O. O. F. HALL.

Order 118. "Provide better means of egress from hall on third floor by erecting a fire escape; landing at third floor to take in first window east of large lodge room on south side of building in ante-room; landing to extend to roof south of hall, so as to give access to stairway from Elks' hall south of I. O. O. F. hall; stairway to descend eastward and land on one-story roof below; escape to be constructed in accordance to specifications herewith furnished by chief inspector; with exceptions named; mark all exits from hall in letters at least six inches high "EXIT" and illuminate with red light; provide better means of extinguishing fire, by supplying two chemical fire extinguishers and place in hall, of three gallon capacity each, such as have been approved by the National Board of Fire Underwriters; certificates previously issued by this department are hereby declared null and void."

MASONIC HALL.

Order 119. "Remove iron door on window leading to fire escape from hall; provide new sash cord for same window, so that the sash will work more freely; change door at top of stairway to swing outward; also door in small hall leading to stairway; provide better means of extinguishing fire, by supplying two chemical fire extinguishers and place in hall, such as have been approved by the National Board of Fire Underwriters, and of three gallon capacity each; mark all

exits from hall in letters at least six inches high "EXIT" and illuminate with red light; certificates previously issued by this department are hereby declared null and void."

The letter also states that orders for these changes were issued to the owners or agents of the buildings as follows:

Auditorium, W. J. Henderson, secretary board of trustees, March 5.

A. O. U. W. Hall, H. D. Woodbridge, agent Woodbridge heirs, March 4.

Elks and I. O. O. F. hall, O. C. Jones, owner, March 4.

Masonic Hall, J. M. Swartz, agent Rider heirs, March 5.

Inspector Morgan closes by asking Mayor Crilly's hearty co-operation.

The law that is being violated is Section 1536-312, Bates A. O. S. and has the following provisions:

"Whoever being the owner or having control as an officer, agent, or otherwise, of any opera house, hall, theater, church, school house, college, academy, seminary, infirmary, sanitarium, children's home, hospital, medical institute, asylum, or other buildings used for the assembling or betterment of people in a municipal corporation, county or township in the state of Ohio, permits to be used when the certificate provided for in section 2569 or section 2570, has not been issued, or is not in full force, shall be deemed guilty of a misdemeanor, and on conviction thereof before any court of competent jurisdiction shall be fined not more than \$500 nor less than \$50, and ten dollars additional for each day or night such building is permitted to be used after such conviction is had and until such changes, alteration or additions have been made sufficient to warrant the issuing of certificate by the chief inspector of workshops and factories."

The duty of the Mayor is clearly set forth in a succeeding section as follows:

"It shall be the duty of the mayor, with the aid of the police, or the prosecuting attorney, with the aid of the sheriff, if such building is not located within a municipal corporation, to see that the provisions of this act are strictly enforced."

Mayor Crilly said Friday morning that he would act reasonably and if the changes ordered had been made or were being made he would take no action. He wished it distinctly understood however, that those who have these buildings in charge must not sit supinely, and think it will be all right, for if these changes are not made it is his intention to arrest such owners or agents and prosecute them in accordance with the provisions of the section that is being violated.

RUN DOWN, TIRED.

NINE-TENTHS OF THE NEWARK PEOPLE ARE IN THIS CONDITION.

Our Local Druggist, Frank D. Hall, Says "Vinol is What Every Man, Woman and Child Needs at This Season of the Year."

Many people right in this vicinity are all run down; no strength, hardly able to drag about. Don't know what ails them.

In ninety-nine cases out of a hundred it is simply a run-down condition of the system—in other words, general debility.

Our Vinol is the one great tonic re-constructing which they need. It will create strength, tone up the digestive organs, cure all stomach troubles, create a healthy appetite, make rich, red blood and strengthen every organ in the body to do its work. It will drive away every feeling of lassitude, heaviness and depression, and infuse new life and energy.

Vinol is not a patent medicine, contains no injurious drugs, but it is the most delicious and valuable preparation of cod liver oil known to medicine, without a drop of oil to retard its work.

Mr. Andrew Jackson, of Springfield, O., writes: "Every spring for years I have found myself in a worn-out, run-down condition, with no appetite, and before commencing the use of Vinol was practically a dead man on my feet. I tried this wonderful remedy, and am satisfied that it has done for me what doctors have failed to do in all these years. I am well and strong, and my entire system is full of vitality. As a tonic for a run-down, tired, debilitated system Vinol stands at the head."

I wish every man, woman and child in Newark who is in this condition would try Vinol and prove what it will do. Frank D. Hall, Druggist.

"In the spring was the Brown-flax spun,
And in the summer it bleached in the sun."

In The Days of —THE— "Old Bleach" Linens.

This ancient custom and treatment made the linens that were the pride and boast of our grandmothers—Linens that were as perfect to look upon and as substantial to feel after years of wear as they were the day they were spun.

This treatment of linens is still carried on by the makers of these "Old Bleached" Linens—Linens that are subjected to only the action of the dew and sun—Strictly grass bleached on the hills of Ireland—thus leaving the strength of the fabric unimpaired. Come in and examine these exquisite linens—or read the booklet we will give you free. It tells all about the Old Bleach Linens. \$1,000 for skillful spellers

If you can put together enough combinations of letters that could properly be

Pronounced Egg-O-See

You can share in the distribution of \$1,000 in cash to be paid those who send in before June 15, the word Egg-O-See spelled in the greatest variety of ways. This sum will be divided as follows:

| | |
|--|-----------|
| To the one sending the greatest variety of spellings..... | \$100.00 |
| To the second sending the greatest variety of spellings..... | 75.00 |
| To the third sending the greatest variety of spellings..... | 50.00 |
| To the fourth sending the greatest variety of spellings..... | 25.00 |
| To the fifth sending the greatest variety of spellings..... | 10.00 |
| To the 740 sending the next greatest variety of spellings..... | 740.00 |
| Total..... | \$1000.00 |

The prizes will be awarded immediately after the close of the contest.

Everyone can compete. It will be found equally interesting to the older people as well as children to whom we have paid thousands of dollars since last spring.

The only conditions are that you must send in your list on or before June 15, 1904; that the spelling must be such as could properly be pronounced Egg-O-See, and for every five different ways of spelling Egg-O-See you must send in one of the little folders, same as used in the school children's drawing contest, found in each package of the food—that is if you spelled the word 15 different ways you would need three of the folders. Be sure and write your name and address plainly. It is permissible to have others assist you. So when you have found all the ways of spelling Egg-O-See you can devise ask your friends to assist you. Here are a few ways of spelling Egg-O-See: Egg-O-See, Egg-Oh-Cee, Eg-Ocy, Egg-O-Cie. Save the folders from Egg-O-See and it will be easy for you to get one of the prizes. We do this to further familiarize the people with the merits of Egg-O-See, the best of all flaked wheat foods.

It is now conceded that Flaked Wheat is the most healthful, economical and convenient of all foods. Egg-O-See has become the standard of these foods for two reasons—First it is incomparably superior in purity and flavor, and a large package retails for 10c.

ASK YOUR GROCER FOR THE GREEN PACKAGE.

If your grocer does not keep it, send us his name and 10 cents and we will send you a package, prepaid.

PHOTOGRAPHS

Of a Farm Shown Merchant Who Traded His Store for What Proved to Be a Veritable Stone Quarry.

Delaware, O., March 18.—H. J. S. mmons, of Bloomington, Ind., was arrested here on the charge of defrauding Rufus Stockwell an Ashley hardware merchant, out of a stock of goods valued at \$2,700.

Stockwell alleges that Simmons talked him into trading his business for a farm in Indiana, represented in photographs as being a model place, with fine house and out buildings, but that he found nothing larger than a log hut, while all the land could produce was a fine crop of boulders.

TELEPHONE

Exchange at Utica Is Growing and the Service Is Very Satisfactory to the People There.

Utica, O., March 18.—The Utica and Homer Telephone company is just completing a big improvement in the Utica exchange. Electricians and others worked all night installing a new 200-drop switch board, which will be used in conjunction with the old one, giving 400 drops in all.

All of the toll lines entering Utica and all country lines, will be in charge of one operator, while the Utica town lines will be served at the old board by another operator.

Since December 1 sixty new phones have been added to the Utica exchange, and it is as large now as the Newark city exchange was only a few years ago. The equipment is maintained in excellent condition and the service is certainly good. The exchange has direct connection with Newark's independent exchange and all Licking county points.

Mrs. Stutz, the manager, has as operators Miss Mae Chambers, Miss Achsa Scott and Miss Nellie Clutter.

Who Has But One Arm, Arrested in Zanesville Thursday Night—Hails From Muncie, Ind.

Zanesville, March 18.—Erastus Purcell Johnson was arrested Thursday evening by Lieutenant Petet and charged with drunkenness. He is accused of forging checks, one of which was cashed by Harry Leis, the saloonkeeper.

Johnson is a one-armed individual and from papers found on his person he hails from Muncie, Ind. He carries the combination knife and fork that is seen with the victims who lose a member of the upper body. He is of slender build and the short stub of an arm is but of little use to him.

JACKET

CAUGHT IN A SET SCREW ON LINE SHAFT

And Thomas Carroll Was Whirled to His Death at Big Four Round House in Columbus.

Columbus, March 18.—Thomas Carroll, an employe at the Big Four round house, was whirled to his death Thursday while engaged in his work.

Carroll was engaged in oiling a large shafting at the round house, being on the top of a ladder, when his jacket caught in a set screw of the shafting. The fast revolving cylinder of steel soon gathered in the loose folds of his garment, and with almost lightning like rapidity his body was whirled about the shaft.

An examination of his injuries disclosed that the ribs on the right side of his body were torn loose from the back, his right heel was badly lacerated, a large scalp wound on the right side of the head, near the base of the brain, was found, and his body otherwise considerably bruised.

The victim of the unfortunate accident is aged 58 years, married, and resides with his family near Spruce street and Dennison avenue.

Carroll died at the hospital.

EX-CHIEF TRACY

THROWS MANY PENNIES TO THE STREET URCHINS.

Novel Way the Zanesville Man Celebrated St. Patrick's Day—Streets Were Blocked—Cars Stopped.

A modern Croesus in the eyes of the scores of Zanesville newsmen.

That's the enviable position big, jovial, genial, kind-hearted "Old" Tracy, of ex-Chief of Police E. J. Tracy, as the "directory" gives him, occupies in the eyes and minds of local street urchins and newspaper peddlers.

Tracy celebrated St. Patrick's day in a novel manner. Throwing handfuls of pennies into the street for the urchins to scramble for, was his pastime in the afternoon.

In front of several prominent cafes along Main street, Tracy and his band of youngsters held forth in full sway. Carriage traffic was impeded, and several times the street cars had to slow up while passing the scrambling bunch of young Americans. The crowd of newsmen attracted the attention of hundreds of passersby.

The generous source of all these pennies, is the same Tracy who caused a panic among Newark's many dotting mothers last Christmas. Then he stood in front of a big department store, snatched the little girls from their mothers then he would disappear. In less than a minute he would emerge from the store with the child. Every child got a doll.

"You fellows spend \$10 for drinks in an afternoon. I give that much to the boys. I enjoy my way" is the way the big Tracy explains his freak generosity.—Friday morning's Zanesville Times-Recorder.

ZANESVILLE PASTOR

Receives and Accepts a Call to Take Charge of Hamilton's Largest Congregation.

Zanesville, March 18.—Rev. James A. Liggitt will resign the pastorate of the Brighton Presbyterian church to accept a flattering call from the Westminster Presbyterian church of Hamilton, O. He will deliver his farewell sermon here Easter Sunday.

The Westminster is the largest church in Hamilton. It was erected at a cost of \$41,000, and has a seating capacity of 1,200. There are 244 active members of the congregation. Rev. Mr. Liggitt's salary is to be \$15.00 with a parsonage.

TO LIVE IN NEWARK.

Zanesville, O., March 18.—Miss Bertha C. Dittler and John C. Spible were united in marriage by Rev. J. W. Wright, D. D., at the parsonage of the South Street M. E. church at 6 o'clock Wednesday evening. The young couple will reside in Newark.

MARTINSBURG

Is to Enjoy a Building Boom This Summer—People Think Electric Road Will Be Built.

Martinsburg, O., March 18.—Martinsburg is to have a very large boom this summer. There is to be a new school house, a township house, a town hall and a large number of new dwelling houses to be built.

The Methodist church will be repaired and the best of all the citizens are of the sure belief that the new electric railroad will be built from Newark to Mansfield by the way of Martinsburg and Gambier. With all of this going on there appears to be quite a boom for Martinsburg this summer.

KENYON GIFT

Andrew Carnegie, the Iron Master, Gives a Good Sum to the Gambier Episcopal School.

Cleveland, O., March 18.—Last December the late Senator Hanna wrote to Andrew Carnegie for a contribution to Kenyon college at Gambier, O., an institution in which Mr. Hanna was much interested and to which he had contributed \$50,000 several years ago. Mr. Carnegie learned of Senator Hanna's gift and decided to give a like sum, of which notice was given a day or two ago through a communication from Mr. Carnegie's secretary to President Pierce, of Kenyon. The gift is in the form of 5 per cent bonds, worth at market price something like \$60,000, of which \$50,000 may be used for enlarging the college buildings' accommodations and the surplus to increase salaries of professors wherever possible.

New Territory Is to Be Developed by the Logan Company Near Brandon, Knox County

Brandon, O., March 18.—The Logan Natural Gas company is hauling a derrick on the C. C. Miller farm. This is the first territory to be developed in that section of the gas field and the outcome of the well will be watched with much interest. Drilling will be commenced just as soon as the derrick can be erected.

MADISON

The Rev. Mr. Sheldon delivered a fine discourse to a large and appreciative congregation Sunday morning, after which Sabbath school was reorganized, Rev. Mr. Sheldon acting as chairman of the meeting.

EMINENT DOCTORS PRAISE MUCU-TONE

HOW can we measure the importance to mankind of the discovery of an absolute cure for catarrh, that dreaded malady which attacks the mucous membrane or delicate underlining of the skin of the body.

The disease which for years has discouraged scientists—the disease which numbers 12,000,000 men and women sufferers in the United States alone.

The heads of great hospitals, where scores of catarrhal patients are treated each year, are perhaps in the best position to appreciate the value of a remedy, which working along scientific, intelligent lines, brings permanent cure to even the chronic sufferer.

The staff of physicians of the Suffolk Hospital and Dispensary in Boston, where in less than two years 83,271 patients have registered, do not hesitate to pronounce Rexall Mucu-Tone the best cure for catarrh they have ever used.

Albert C. Smith is the president and treasurer and the Hon. Chas. J. Noyes and the Hon. James Stevens are vice-presidents. The secretary is F. H. Wallace, M. D., and the superintendent is W. C. Clarke, M. D.

President Smith's letter should be read by every catarrh sufferer. We print it in full:

"It gives me great satisfaction to report to you that after a most careful trial of Rexall Mucu-Tone, the corps of physicians of our institution agree that this compound is the best cure for catarrh which we have ever used."

"In all catarrhal diseases of the bronchial and nasal passages; catarrh of the stomach, intestines, kidney and bladder; catarrhal troubles of the generative organs of women, etc., Mucu-Tone has effected remarkable permanent cures."

"Mucu-Tone seems to act immediately upon the blood and mucous membranes, strengthens their cells and healing the inflammation."

"We shall continue to use this valuable preparation, for nothing can compare with it in the treatment of catarrh and its kindred troubles."

"Yours very truly,
A. C. SMITH, President."

Certainly such testimony as this must convince even the most skeptical—certainly it will justify us in requesting catarrh sufferers to give Rexall Mucu-Tone a trial; to give it a chance to speak for itself. If you will do this we know you will continue taking it until cured.

Rexall Mucu-Tone is unlike all other catarrh remedies. It works through the bloodvessels, going direct to the affected part whether in head, throat, stomach, kidneys or bladder; driving out the poisons and healing all inflammations of the mucous membranes. From the very first dose its strengthening influence will be felt and from four to six bottles will effect a complete cure of the worst cases. Your money back if not more than satisfied.

Sold only at our store. Large bottle, 89 cents.

Man's Shoe for Man

Many of the the Newark people know just what this shoe is with one word of explanation. They have gotten wear out of them when every other line has failed to give them satisfaction. After 5 years of constantly selling the Man's Shoe, we are able to say, and this being endorsed by hundreds of men of Newark that they are the best

Nervous Women

The relation of the nerves and generative organs in women is so close that nine-tenths of the Nervous Prostration, Nervous Debility, the Blues, Sleeplessness and Nervous Irritability arises from some derangement of the organism which makes her a woman. Fits of Depression or Restlessness and Irritability. Spirits easily affected, so that one minute she laughs, the next minute weeps. Pain in the ovaries and between the shoulders. Loss of voice, nervous dyspepsia. A tendency to cry at the least provocation. All this points to Nervous Prostration. Although you may not know it, in nine cases out of ten this is caused by some uterine disorder, and the nerves centering in and about the organs which make you a woman influence your entire system. Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as

Lydia E. Pinkham's Vegetable Compound.

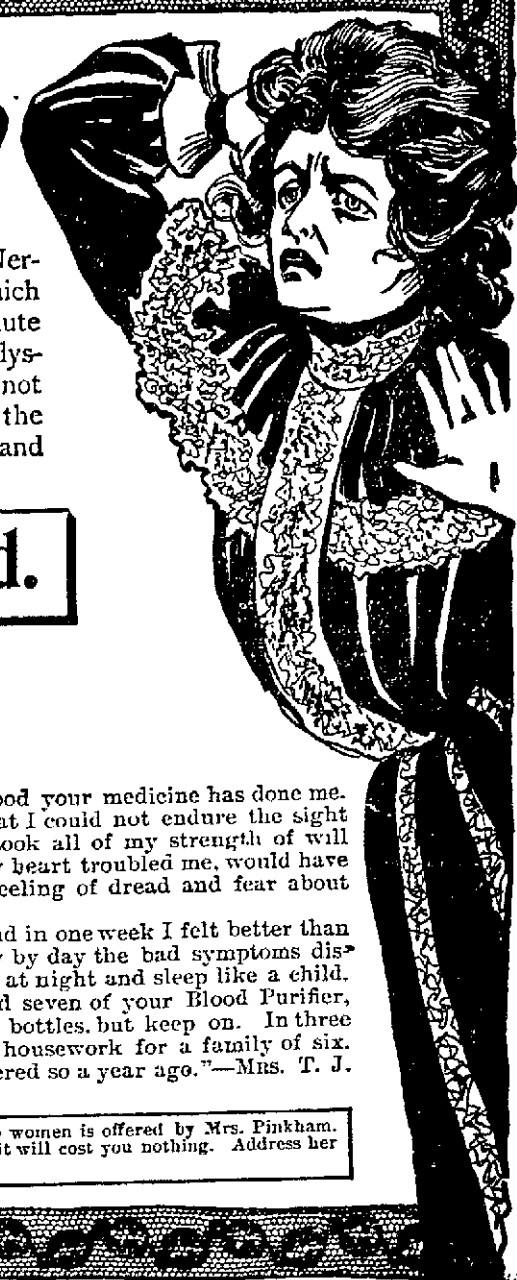

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick and weak and discouraged, exhausted each day, when you can as easily be cured as the two women whose genuine letters follow, and thousands of others.

"DEAR MRS. PINKHAM:—Words cannot tell what I suffered before taking your medicine. I am 28 years old and the mother of four children, the last two being only 16 months apart. I was all run down, had fainting spells, palpitation of the heart, and was so bad with womb trouble that I could not be on my feet but a short time before I would have to lie down. Also was troubled with leucorrhoea. I was nervous and could not sleep, and at times wished I could die. A friend insisted on my giving your medicine a fair trial, which I did. I began to feel better before the first bottle was half gone, and after using five bottles of Lydia E. Pinkham's Vegetable Compound and three packages of Sanative Wash, I was a different woman. I owe my good health to-day to you, and I will never suffer again while you make such good medicine. I will always speak a good word for your remedies. My little girl was troubled with her kidneys, and one bottle of your Vegetable Compound has entirely cured her."—MRS. KITTIE B. PETERSON, Jenison, Mich.

\$5000 FORFEIT If we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

"DEAR MRS. PINKHAM:—I want to thank you for the good your medicine has done me. When I wrote you last July I was so weak and nervous that I could not endure the sight of work. I was in a terrible condition, so nervous that it took all of my strength of will to keep from convulsions. The doctors did me no good. My heart troubled me, would have spells of skipping beats and would flutter. I had such a feeling of dread and fear about me all the time I was afraid to go anywhere. I commenced taking your remedies as you advised me, and in one week I felt better than I had in a whole year before, and the pain was steady. Day by day the bad symptoms disappeared. My appetite returned and I was able to go to bed at night and sleep like a child. In all I took nine bottles of your Vegetable Compound and seven of your Blood Purifier, and would say to all suffering women, do not stop at a few bottles, but keep on. In three months I was able to return home, and have since done the housework for a family of six. It does not seem possible that I am the same person that suffered so a year ago."—MRS. T. J. FAUGHT, Leslie, Michigan.

FREE MEDICAL ADVICE to women is offered by Mrs. Pinkham. Let her help you to health, it will cost you nothing. Address her at Lynn, Mass.

Mrs. Alice Rinehart and daughters spent Monday night with the former's parents Mr. and Mrs. T. J. Nicholls. Mr. Elmus Risor and family called on Mrs. Martha Hillman Thursday. Mr. T. J. Nicholls and wife visited Mr. Will Howell and wife, Monday. Mr. McGuire Dugan is very ill. Wakeful Children. For a long time the two year old child of Mr. P. L. McPherson, 59 N. Tenth street, Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it hard for the parents. Her mother concluded that the child had stomach trouble and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by all druggists.

BUCKEYE LAKE.

Buckeye Lake, March 17.—The season for duck shooting opened on Tuesday, and sporting crafts fairly swarmed on the lake. Quite a number of ducks were killed, according to reports of sportsmen, but from the amount of shooting that was done, the number of ducks killed did not tally at all with the number of shots. We have four sportsmen here who rarely miss a duck, once they draw sight on it. They are Henderson Jones, John Rosebrough, O. M. Holtsberry and Lon Fisher. The C. B. L. & N. Traction company put a car on the line from Hebron to the lake, and this brought an extra number of sportsmen but no extra supply of ducks. The cars will now be run regularly as they were last season, meeting all cars at Hebron. Walter Fleming, at the C. B. L. & N. hotel, has made preparation to furnish lodging to sportsmen, who may desire to remain over night. Quite a number of our farmers have not yet finished husking corn, and still have quite an amount on hand to be husked. Most of the farmers say that this has been a very poor season for corn husking. The only person in this vicinity who has husked any corn to a considerable amount is Henry Backenstos and he has husked about 1,500 bushels. Mr. Backenstos husked corn if the weather was cold, but he says zero weather kept him in. This is a record hard to beat, and has not been equalled here for many a year. The funeral of Martin, the little son of Mr. and Mrs. Theodore Walters, who died on Tuesday from the effects of being burned, was held at the home of the parents on Thursday afternoon at 1 o'clock, the Rev. J. H. Rogers officiating, and the interment was made in the Hebron cemetery. The sorrowing parents have the sympathy of the entire community in their sad bereavement. The little one will be greatly missed, not only the parents, but by the entire community. Lon Fisher, our popular sportsman, is now engaged in constructing a launch to be used on the lake during the coming season. Mr. Fisher is a man of experience in the building and operating of such craft, and it is an assured fact that a ride in his launch will be a treat. The vessel will be ready for service by April 1st. Chas. M. Fickel, who had charge of the launches of the C. B. L. & N. Traction company last season, will be one of the crew to operate Mr. Fisher's launch. Charlie is known for his efficiency in handling water craft. Mr. and Mrs. Lee Roby of Ottville, spent Thursday very delightfully with Reuben Roby and family of this place. Mr. Nelson Bonds and Mrs. Lina Bonds of Atherton, O., spent Thursday with L. H. Bonds and family. Mr. and Mrs. James Willoughby of Ottville, spent a few days week with the families of J. H. Myer and Reuben Roby. Mr. and Mrs. L. B. Fickel of Alex-

andria, spent Wednesday and Thursday at Bowery Solitaire.

J. C. Neel called on his many friends in Thornville on Friday of last week. Owen Osborne and Arthur Buell of Jacksontown, were among the sportsmen hunting ducks on the lake Tuesday.

J. C. Neel, the administrator of the estate of the late A. R. Neel, will sell at public auction on Tuesday, March 22, the remainder of the personal property which was not sold at the sale last December.

A. M. Freezee, superintendent of motive power of the C. B. L. & N. Traction company, was over the line to the lake on Monday.

Miss Bessie Mowery spent Friday with friends in Hebron.

Congestive chills often prove fatal. Hamlin's Wizard Oil given every half hour or often in severe cases will stop all chills.

FLOCK OF HENS

Owned by Mrs. Henry Riffey, of Utica, Proves Good Property—The Figures.

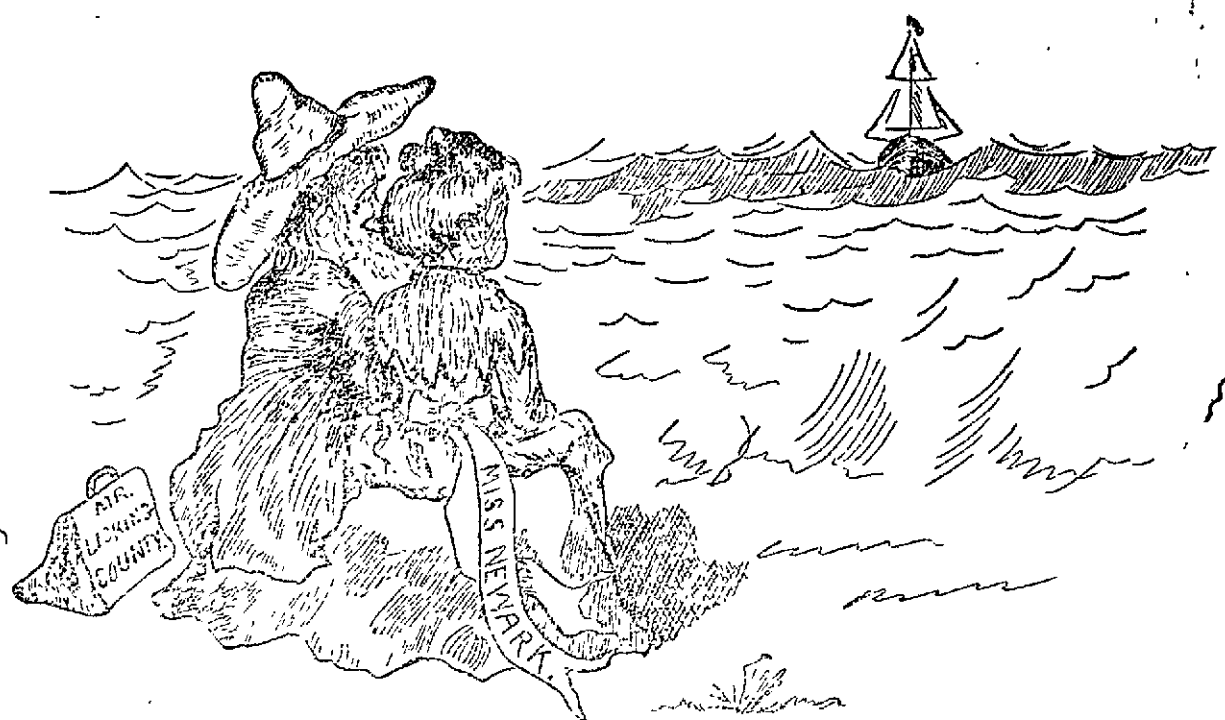

M. D. Reed gives a report from Mrs. Henry Riffey's poultry flock that shows what a good earner a hen may be under only fair circumstances, says the Utica Herald. Mrs. Riffey has the luckster's slips for the eggs she sold during the ten months from March 1, 1902, to Jan. 1, 1904. It foots just 4995 dozen or 11,980 eggs, which is in proportion of 14,228 for a year. Her flock consists of about 29 hens. Mr. Reed estimates, which makes an average of 173 eggs per hen. This is the number of eggs sold, only, and does not include what were used on the farm. If a reasonable number be added for the home use, it will be found that the average was at least an egg every day for every hen in the flock, with no let up for setting. The figures are so remarkable that we suspect Mr. Reed has under-estimated the size of the flock. The price received for the eggs varied from 10 to 25 cents per dozen. Taking 15 cents for the average, the sum realized for eggs sold in one year was \$179.10, an average of \$2.24 per hen. The flock was not especially cared for nor fed warm food. Grain was the food used aside from the kitchen scraps. Every family should have its household medicine chest, and the first bottle in it should be Dr. Wood's Norway Pine Syrup, nature's remedy for coughs and colds.

THE RAILWAYS

STATEMENT OF B. & O. EARNINGS
FOR FEBRUARY.

Hunter McDonald Elected President—
B. & O. Callers' Dance—Personals
of Local Interest.

The statement of earnings of the Baltimore and Ohio for the month of February shows substantial increases for the month, particularly as compared with the month of January. The gross earnings for February were \$4,324,896, an increase of \$153,334 over February, 1903, and an increase of \$223,988 over January, 1904. The net earnings were \$1,160,421, a decrease of \$214,828 from February, 1903, and an increase of \$288,674 over January, 1904. The gross earnings for the eight months ending with February 29, 1904, were \$43,461,175, an increase over the same period a year previous of \$2,484,884. The net earnings for the period were \$11,970,884, a decrease of \$474,458 from the corresponding period of a year ago.

McDonald Elected President.
Chicago, March 18.—Hunter McDonald, chief engineer of the Nashville, Chattanooga and St. Louis railway, has been elected president of the American Railway Engineering and Maintenance of Way association. W. S. Dawley, chief engineer of the Chicago and Eastern Illinois Railway company, was made secretary. George W. Kittredge, of Cincinnati, was elected a director.

B. & O. Callers' Dance.
The Baltimore and Ohio callers of this city are making great preparations for their annual ball to be held at Brennan's hall on Easter Monday evening. The committee of arrangements is composed of Messrs. George Floyd, J. Wooley, W. Millbaugh and Joseph Dublin. The music for the occasion will be furnished by Marsh's orchestra.

Railway Brevities
The local order of the National Order of Railway Clerks of America are anticipating a good meeting on Sunday night, when they will be addressed by J. V. Fisher, grand chief clerk, and R. E. Fisher, grand recording secretary. The meeting will be held in O. R. C. hall.

After an absence of some time.

Brakeman E. Frazier has been marked up for service.

Engine 1079 from the Sandusky division has been brought to Newark for repairs.

Conductor McCann, who has been off on leave of absence for a short time, has returned to work.

Brakeman E. Lucas is laying off for a few trips.

Brakeman Vermillion, after having been off for some days, is again at his post of duty.

Two cars of a freight train jumped the track at Spring Valley last night and the wreck train from this city was sent down and placed the cars on the track again.

Caller Millbaugh of the yard office is unable to work on account of sickness.

Brakeman J. S. Woodward, after having been off duty for a few days, has been marked up for service.

Conductor E. E. Moore is again in charge of his caboose, after a short absence.

Arthur Steele, a former well-known caller for the B. & O. at this point, but who has been out of the service for some time, has accepted a position as caller at the yard office.

J. R. Heffley has accepted a position as brakeman for the B. & O., and has been marked up on the extra list for service on the L. E. division.

General Superintendent of Motive Power J. E. Muhlheid, who was here for a short time, returned from Columbus and went to Garrett, Ind., this morning.

TITUS CO.

Buys West Side Five and Ten-Cent Store—Company Operates a Number of Stores.

The Titus Supply company of New York has purchased the Sutherland and Dadds Five and Ten-Cent Store on the West Side of the Public Square, just south of Hermann's clothing store.

This store is one of four that will be opened by the Titus Supply company between now and the 15th of April. This company is now operating nineteen other stores in different parts of the country and is purchasing goods for 52 stores. The Newark store will be remodelled and made a thoroughly up-to-date 5 and 10-cent store in every respect. A handsome new front will be put in and many important changes in the interior of the store room will be made. Work is now in the hands of the contractors. S. T. Taylor, secretary and treasurer of the Titus Supply company, and W. F. Holly, the general manager of the company, are both here setting the new store in readiness. They have finished the work of invoicing and the new stock has been ordered and is on its way here. Special values will be offered and the store will be opened in about ten days or two weeks. Watch out for the date of the big opening, which will be duly announced.

MRS. E. C. HOWELL.

Bladenburg, O., March 18.—Mrs. E. C. Howell, who died Wednesday evening at her home, after an illness of three months of stomach and liver trouble, was buried today at White Oak Chapel cemetery. The deceased was 52 years of age and is survived by her husband, five sons and one daughter.

BROTHER-IN-LAW

HIT MR. CLAIR ON HEAD WITH
PIECE OF IRON.

Gash Three Inches Long Was the Result—Police Endeavored to Find Ed Shockey—Police News.

William Clair, an employe of the Wehrle foundry, while going from work to his home at 57 Thirteenth street, was struck over the head by a piece of iron wrapped in a handkerchief and wielded by his brother-in-law, Ed Shockey, on Thursday evening on Wilson street, near F. M. Swartz's grocery. A gash about three inches long was cut in Clair's scalp, which was sewed up by Dr. J. W. Barker.

The police endeavored to capture Shockey, but he eluded them, and it is supposed went to Columbus, where a message was sent by Chief Sheridan to arrest him. As yet he has not been captured.

Clair says that there was no trouble between him and Shockey and does not want his assailant prosecuted, but he will be arrested just the same.

James Duer was arrested by Chief Sheridan and Captain Bell Thursday evening for stealing six suits of underwear from a clothes line in the rear of Mrs. Helen Franklin's residence on West Church street. Duer took the garments and sold them, and a half hour afterwards he was arrested and the property returned.

Y. M. C. A. COURSE

CAME TO A SUCCESSFUL CLOSE
ON THURSDAY NIGHT.

Good Lecture by Ralph Parlette—Committee to Be Congratulated for the Season's Entertainments.

The Y. M. C. A. entertainment course was brought to a successful close mid rounds of laughter and applause. Ralph Parlette thoroughly entertained a large audience with his newest lecture, "Pockets and Paradises," a happy combination of wit, humor, literary and oratorical ability. With numerous and humorous illustrations he showed the two different kinds of wealth. He who seeks only material wealth is likely to miss entirely the true riches of life.

This year's course has been the largest and most successful the association has ever given. The members of the entertainment committee feel so much encouraged by the splendid support given the larger venture of this year that they will at once proceed to select talent for next year, if possible, even a stronger list.

GEO. A. BALL

PROBABLY OLDEST PENSIONER IN
NEWARK.

He Received Pension in 1863, But Later Relinquished It and Again Enlisted in Service.

Probably the oldest pensioner in Newark is Mr. George A. Ball, the well known shoe merchant, whose claim is numbered 16,300, this being a consecutive number. The claims now are numbered up into the millions, so that it can be seen how far back Mr. Ball's claim was filed.

In speaking of the recent order pensioning all veterans, Friday morning Mr. Ball incidentally remarked upon this fact and upon being asked said that he drew a pension in 1863 for a wound received at the battle of Stone River, which developed gangrene and for a time threatened his leg as well as his life. In 1864 however the wound became so much better that he relinquished his pension and re-enlisted in the army, serving until the close of the war.

He could have been immediately reinstated on the pension rolls but did not make application until 1879, at which time he received the old number, 16,300, the same one he had in 1863.

Chicago stands in danger of being bankrupted by its sidewalks. Nearly 2,000 personal injury suits, with damage claims amounting to \$22,666,952, are pending against the city. Bad sidewalks are the cause of 772 suits.

Over thirteen million persons are enrolled in the Sunday schools of this country. The enrollment in the public school is 16,000,000, or only 3,000,000 more.

GRANVILLE

Students Go to Columbus in a Special Car to Attend Recital—Two New Fraternity Members.

Granville, O., March 18.—A party of nearly forty students of Shephardson College, chaperoned by Miss Blinn, of the Conservatory of Music went over to Columbus on Thursday night on a special car to hear M'ne Schumann-Heink in a song recital at the Great Southern theater. They had a section of seats reserved in the orchestra circle and their special left soon after the concert, which was over about 10 o'clock. A large number of Newark people also attended the recital.

On Wednesday evening Prof. R. S. Colwell delivered a most instructive and enjoyable lecture on "English Cathedrals" before Miss Barker's class in architecture and a number of others interested in the subject. The lecture was made much more delightful and entertaining by the pictures shown by Dr. Colwell to illustrate his subject. The members of Phi Gamma Delta fraternity are wearing their colors having pledged to their number Mr. William Ramey, of Chicago, who has recently been enrolled as a student of Denison.

The members of the Beta Theta Pi fraternity are wearing the pink and blue for Mr. Ferry, of Washington, D. C., and a freshman at Denison.

SALVATION ARMY

WILL ATTEMPT TO SECURE \$100
IN SMALL SUBSCRIPTIONS.

Authorized Persons Will Call From House to House—Do Not Turn Them Away Without Helping

The Salvation Army, originated in July, 1865, by William Booth, now the army's general, has become the largest home and heathen missionary society in existence. The purpose of the army is to force the claims of God for love and service upon all who have forgotten him and to train all its converts to regular toil for the spread of the Gospel.

For the work and extension of its home and missionary operations the army depends largely upon its yearly self-denial efforts, none of its officers have any salaries guaranteed to them. They have given up, in many cases, good situations and comfortable homes in order to labor among the poor and destitute. The army has no endowment and is dependent upon voluntary contributions. This year's self-denial effort will be held from March 27 to April 2.

Ensign Brindley, assisted by the members of the local work, expect to raise at least \$100 toward the \$60,000 that is aimed at in the whole United States. Authorized persons will be calling from door to door, asking for contributions toward this effort. Any amount, no matter how small, will be thankfully received, if every home called at would only give a nickel, the \$100 aimed at would soon be reached. Therefore don't turn away a collector without giving something. Remember the object and consider what the Salvation Army has already accomplished. God has wonderfully favored them in their past efforts of this nature. Ensign Wm. A. Brindley, 115 Vale street.

MRS. JEWETT

Sister of Judge Follett, Died Recently in Iowa at the Age of 86—Former Licking County Woman.

The Indianola, Iowa, Herald announces the death of Mrs. Timothy Jewett on March 1st. The deceased was a sister of Judge Charles Follett of this city, and of the late Dr. Follett of Granville, and her husband, the late Timothy Jewett, was a half brother of Mrs. William Ashbrook of Johnstown. The deceased was in the 86th year of her age at the time of her death, and will be remembered by many Licking county people.

Mrs. Jewett was born in Vermont, April 29, 1818, and lived there until 1836, when the family came to Licking county and settled on a farm near Johnstown. There was only a few acres cleared, the rest being heavy timber. She began teaching school soon after coming to Ohio, and taught until her marriage, October 31, 1843, to Rev. Timothy Jewett. She had united with the Presbyterian church in childhood, but after her marriage joined the M. E. church of which her husband was a minister. Their work was in Ohio until about 1854, were then transferred to the Minna Conference, and filled different appointments until 1859, when her husband's voice failed and he retired from active work as a minister to engage in farming and mercantile life at Red Wing, Minn. In 1868 they moved to Indianola, Iowa, and bought a farm west of town. Her husband died in 1871, leaving two children, one of whom, her only daughter, died in 1872. Since then she has made her home with her son, A. F. Jewett and family.

She was a mother to her grandchildren, loving them and as much interested in their welfare as though they were her own.

She died March 1, 1904, and was buried beside her husband and daughter in the cemetery at Indianola.

ELEVATOR

For Court House Is Urged by Bar Association—Reason Why It Is Needed.

It will be seen, by reference to the day's court house news, that the Bar association assembled in pursuance to the call of Judge Charles H. Kibler, its president. The object of the meeting was to take into consideration the construction of a passenger elevator from the basement of the court house in the rotunda to the court room floor. The Bar association resolved that the construction of such an elevator was a matter of extreme necessity. All kinds of persons have business at the court house, many of whom are feeble and many of whom are of great age. No person who is not in good health should be required to walk up these 60 weary steps to the court room floor, and we have known of instances where physicians have had to be called to attend upon witnesses who have been compelled to attend court and go up those stairs when they were unable to do so.

We commend the action of the Bar association and have no doubt but the commissioners will put in the improvement.

"And the Next Day it Rained"

But the man with our Rain Coat laughed a merry laugh. He did not care how hard it rained, for water could not touch him. And, besides, he knew that even if it did not rain his Rain Coat was ready for "revenge" wear to the theatre or any other place where people wish to look swell.

These Rain Coats are made from absolutely rain proof cloth in attractive miniature and solid colors and cut in the long, full park, with broad hoppers.

Prices From \$13.50 Upward.
